

Attachment to Membership and Data Consent Form

Dear Wight Woodturners Member,

A change in the Data Protection Law now requires that you give your consent for the Club to contact you using the data that you provide. The Club contacts you to keep you informed about news, activities and events.

In order to ease the administrative load on the Committee and to minimize cost to the Club, Members are requested to “opt-in” to ALL or as many as possible of the contact methods, and to give consent to ALL of the uses of your data.

The attached Data Privacy Notice explains the Club’s use of your data and your rights you have over that data.

Thank you

Peter Smart May 2018
